S I R:

Applicant requested a corrected Filing Receipt on July 12, 2000. To date no corrected Filing Receipt has been mailed to applicant. Applicant herewith requests again that a corrected Filing Receipt be issued setting forth the correct number of claims and independent claims, the correct title of the invention and the priority of the provisional Application No. 60/076,472, which was claimed under the provisions of 35 U.S.C. §119 (e).

In the Filing Receipt as mailed to the undersigned, the Patent and Trademark Office appears to have incorrectly indicated the number of the claims as "26", instead of --27--, the independent claims as "7" instead of --8-- and the title of the invention as "METHOD FOR INJECTION MOULDING, INJECTION MOULD, INJECTION MOULDING DEVICE AND METHOD FOR FILLING A MAIN EXTRUDER FROM A SECONDARY EXTRUDER" instead of --PROCESS FOR INJECTION MOLDING. INJECTION MOLD AND INJECTION MOLDING DEVICE, AS WELL AS PROCESS FOR FILLING A MAIN EXTRUDER FROM A SECONDARY EXTRUDER.—

Furthermore, the Patent and Trademark Office failed to mention the priority of the provisional Application No. 60/076,472, filed 03/02/1998, which was claimed under the provisions of 35 U.S.C. §119 (e).

Attached is a copy of the filing receipt showing the requested corrections. Issuance of a corrected filing receipt is requested.

Reference to the application papers will clearly show the correct number of claims and independent claims, the correct title of the invention and the priority of the provisional application.

Since this errors for which correction is sought were caused by the Patent and Trademark Office, no fee is due (35 U.S.C. 254).

The Commissioner is hereby authorized to charge fees which may be required, or credit any overpayment to Deposit Account No.: 06-0502.

Respectfully submitted,

By: \_\_\_\_\_
